

AWS Certified Solutions Architect Associate Modules

Total Duration-40 hours

1. Introduction - AWS Certified Solutions Architect Associate Modules

2. Getting Started With AWS

3. IAM & AWS CLI

- IAM Introduction_ Users, Groups, Policies
- IAM Users & Groups Hands On
- IAM MFA Overview
- IAM MFA Hands On
- AWS CLI
- AWS CLI Setup on Windows
- AWS CLI Setup on Linux
- AWS CLI Hands On
- AWS CloudShell
- IAM Roles Hands On
- IAM Security Tools Hands On
- IAM Best Practices

4. EC2 Fundamentals

- EC2 Basics
- Create an EC2 Instance with EC2 User Data to have a Website Hands On
- EC2 Instance Types Basics
- Security Groups & Classic Ports Overview
- Security Groups Hands On
- SSH Overview
- How to SSH using Linux or Mac
- How to SSH using Windows
- EC2 Instance Connect
- EC2 Instance Roles Demo

5. EC2 Solutions Architect

- Private vs Public vs Elastic IP
- Private vs Public vs Elastic IP Hands On
- Spot Instances & Spot Fleet
- EC2 Placement Groups
- EC2 Placement Groups - Hands On
- Elastic Network Interfaces (ENI) - Overview
- Elastic Network Interfaces (ENI) - Hands On
- EC2 Hibernate

6. EC2 Instance Storage

- EBS Overview
- EBS Hands On
- EBS Snapshots Overview
- EBS Snapshots Hands On
- AMI Overview
- AMI Hands On
- EC2 Instance Store
- EBS Volume Types

- EBS Multi-Attach
- EBS Encryption
- EFS Overview
- EFS Hands On
- EFS vs EBS

7. High Availability - ALB & CLB

- Elastic Load Balancing (ELB) Overview
- Classic Load Balancer (CLB)
- Classic Load Balancer (CLB) - Hands On
- Application Load Balancer (ALB)
- Application Load Balancer (ALB) - Hands On
- Network Load Balancer (NLB)

8. EC2 Auto Scaling Group

- Auto Scaling Groups (ASG) Overview
- Auto Scaling Groups Hands On
- Auto Scaling Groups - Scaling Policies
- Auto Scaling Groups - Scaling Policies Hands On

9. AWS Fundamentals_RDS+Aurora+Elastic Cache

- Amazon RDS Overview
- RDS Read Replicas vs Multi AZ
- Amazon RDS Hands On
- Aurora Overview

10. Route 53

- Route 53 Overview
- Route 53 Hands On
- Route 53 - EC2 Setup
- Route 53 - TTL
- Route 53 CNAME vs Alias
- Routing Policy - Simple
- Routing Policy - Weighted
- Routing Policy - Latency
- Route 53 Health Checks
- Routing Policy - Failover
- Routing Policy - Geolocation

11. Amazon S3 Introduction

- Amazon S3 - Section Introduction
- S3 Buckets and Objects
- S3 Buckets and Objects - Hands On
- S3 Versioning
- S3 Versioning - Hands On
- S3 Encryption
- S3 Encryption - Hands On
- S3 Security & Bucket Policies
- S3 Bucket Policies Hands On
- S3 Websites
- S3 CORS
- S3 CORS Hands On

12. Amazon S3 Advanced

- S3 MFA Delete
- S3 MFA Delete Hands On
- S3 Access Logs
- S3 Access Logs - Hands On
- S3 Replication Cross Region
- S3 Replication - Hands On
- S3 Pre-signed URLs

13. Cloud Front & Global Accelerator

- CloudFront with S3 - Hands
- CloudFront with S3 - Hands On
- AWS Global Accelerator - Overview
- AWS Global Accelerator - Hands On

14. Amazon Storage Extras

- AWS Snow Family Overview
- Architecture_ Snowball into Glacier
- Storage Gateway Overview

15. Decoupling Application - SQS, SNS

- Amazon SQS - Standard Queues Overview
- SQS - Standard Queue Hands On
- SQS Queue Access Policy
- SQS - Message Visibility Timeout
- SQS - Dead Letter Queues
- SQS - Delay Queues
- SQS - FIFO Queues
- Amazon SNS - Overview
- SNS - Hands On
- Serverless Event Driven Application - SQS Trigger For Lambda Function Integration With S3

16. Container on AWS - ECS & Fargate

17. Serverless Solutions Architect - Lambda & Dynamo DB

18. AWS Monitoring With Cloud Watch. Cloud Trail

19. Networking - VPC

Additional Hours- Resume preparations, personality development sessions, technical round preparations and mock interview sessions. We ensure all our students from both IT and Non IT background are placed with decent package as fresher in the industry
